Address ALL ORDERS TO: LANCASTER COUNTY SEED CO., PARADISE, PA.

YARD LONG BEAN

This is an excellent variety, as well as being an interesting curiosity. The vines are rampant growers and produce an enormous crop of long, slender, round pods, which are of excellent quality for snap beans. The round pods average from 2 to 4 feet in length, having the thickness of a lead pencil. Produce late in the summer, very productive, tender and of fine flavor. Packet 10 cts.; 3 for 25 cts.

JAPANESE CLIMBING CUCUMBERS

A distinct new cucumber from Japan. The vines are extra strong and vigorous, and great climbers, producing a surprising amount of superior fruit on poles, fences, side of the house, etc. Three times the usual crop from a given area can be grown with this variety. They are large size, nice green color, and fine for slicing and pickling. Packet 10 cts.; 3 for 25 cts.

DAHLIAS FROM SEED

Few people know that Dahlias can be raised from seed and will bloom the first year. Sow the seed early in the house and you will have flowering plants as soon as with tubers. One beauty of using our seeds is that there will be no two plants alike—every color being represented, from snow-white to dark maroon, some single and some double, with a blaze of color all season. Packet 10 cts.; 3 for 25 cts.

GIANT ZANZIBAR PALM

This is the wonderful plant you have been seeking to beautify your lawn. It grows 14 feet high, the enormous leaves measure 4 feet across. It presents a pyramid of tropical-looking foliage which grows big in four to six weeks. A rare, showy and interesting plant for the lawn. Packet 10 cts.; 3 for 25 cts.

WHITE WONDER CUCUMBER

Imagine, if you can, a pure white Cucumber—snow-white in color from the time it begins to set. Fruits are uniform in shape and size (about 8 inches long). Begins to bear early and continues late. Pleasing flavor with flesh fine and crisp. Excellent sliced for salads or an ideal novelty mixed in a can with green pickles, exciting pleasure and curiosity. Plant some and surprise your neighbors. Packet 10 cts.; 3 for 25 cts.

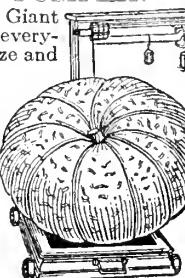

CHINESE FRAGRANT TREE

A beautiful tropical-looking ornamental foliage plant from China which forms grand pyramidal bushes 5 feet high. Foliage is exquisite, very delicate and lace-like, and blooms profusely. Both flower and foliage are deliciously fragrant. Sprays kept in a room or trunk will impart sweet perfume for a year or more. No bouquet or vase is complete without this fragrant Flowering Fern. Will thrive out-of-doors in any soil. Especially recommended as a house plant. Every packet of seed will produce 20 or more lovely Ferns. Don't miss these perfumed beauties. Nothing else like them. Packet 10 cts.; 3 for 25 cts.

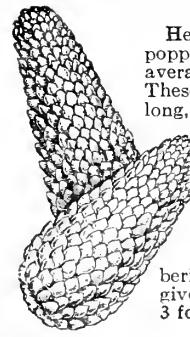

JUMBO PRIZE PUMPKIN

This world-beating Giant Pumpkin astonishes everyone by its mammoth size and heavy weight. Think of it. A single pumpkin weighing 300 pounds. Always a prize-winner at fairs because in addition to its enormous size the meat is tender and deliciously flavored, excellent for cooking, and fine for pies. Packet 10 cts.; 3 for 25 cts.

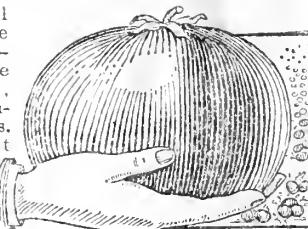

RED BEAUTY POP-CORN

Heavy cropper and good popper. Grows 6 feet high and averages 3 to 4 ears to a plant. These ears are often 6 inches long, covered with large, rice-shaped kernels of deep red color, which, when popped, however, is perfectly white. So tender and delicious it fairly melts in your mouth. Plant some Red Beauty, remembering the pleasure it will give you. Packet 10 cts.; 3 for 25 cts.

GIANT CRIMSON TOMATO

By all odds the largest Tomato we ever saw, some weighing 3 pounds. The fruit not only grows so very large and in abundance but has delicious meaty flesh, fine-grained and with very few seeds. Packet 10 cts.; 3 for 25 cts.

CHINESE CABBAGE

A most delicious vegetable which combines a rich celery flavor with that of Cabbage. Has large leaves of a light green color and thick pure white tender stocks and heart. Can be cooked or eaten raw. Makes as good salad as the finest head lettuce. Can be cooked like asparagus and for slaw no Cabbage compares with it. One of the most delicious vegetables yet introduced and bound to become most popular. Packet 10 cts.; 3 for 25 cts.

EVERLASTING FLOWERS

Blooms that never fade. This rare flower is a pretty ornament when growing but possesses the unique quality of remaining indefinitely the same as when cut, thus making a most desirable table ornament for winter. Highly decorative in vases or table bowls and lasts for months. We offer a special mixture of an improved strain with larger flowers and many new as well as exquisite shades. Packet 10 cts.; 3 for 25 cts.

RED WINTER DANISH CABBAGE

Good all winter but excellent as a summer variety if you prefer. Its rich red color makes it particularly desirable for cole-slaw. Tender and juicy. Keeps well until late spring. The heads grow to a large size, almost a perfect bell-shape. A fine sure-heading variety which yields an excellent crop. Packet 10 cts.; 3 for 25 cts.
